Blackberry Balsam

IS A POSITIVE CURE FOR

Diarrhea, Dysentery, Cholera Morbus,

Colic, Cholera, Cholera Infantum,

Summer Complaint, Cramps, Flux,

And all Relaxed Conditions of the Bowels.

OUR Blackberry Balsam is very healing in its effect upon the irritated parts of the stomach and bowels. It is not merely an astringent, checking the relaxation of the bowels, but acts as a regulator, leaving the stomach and bowels in such a condition that nature again asserts control. It is nature's assistant, is pleasant to take, and is recognized throughout the country as the leading remedy for all irregularities of the bowels. One trial will convince you. **Wakefield's Blackberry Balsam** speedily

RELIEVES AND CURES

that dread scourge **Cholera**, if taken before the disease has advanced too far.

Unlike most other preparations for similar purposes, **Wakefield's Blackberry Balsam** will not **Constipate the Bowels**. It can be given to Teething Children with the utmost confidence, and improvement begins with the first dose. It is no liniment or hot drops. There is nothing like it, nothing so soothing and true to its mission, nothing on the market that compares with it. It will **Positively Cure all Forms of Summer Complaint** in adults and children. This remedy is very highly recommended by first-class druggists, physicians, and professional nurses. Attacks on the bowels are usually sudden and unexpected; therefore it is advisable to keep this valuable remedy constantly in every household for use in cases of emergency, and thus avoid delay and suffering while it is being obtained. Accept no substitute.

Prefatory.

ANOTHER year has rolled around, and we again send forth our annual Pocket Calendar and Account Book. That it will be welcome and appreciated we are fully assured, and we hope prove an attractive medium for introducing to the general public the line of well-known Standard Household Remedies manufactured exclusively by us. We ask special note of the collection of testimonials herein presented, all of which are copies of the autograph originals received by us, and now in our possession. They have been selected from accumulated thousands, with an idea of giving evidence of the high esteem in which these medicines are held throughout the country. We are constantly in receipt of such testimony from our many gratified and enthusiastic patrons from all over the United States.

The utmost care is taken in our laboratory for the preparation of im-purities in the manufacture of known preparations. We purchase our drugs, and herbs, from first hands, subjecting them to severe tests for purity. We also purify, bark, importers and extract them to strength and do our own cur- and medicinal virtues, thereby guaranteeing perfect reliability and equality, and insuring purity of ingredients.

If further proof of the efficacy of our remedies are wanted, it may be found in the fact that in the fifty years of their existence their popularity and sale have steadily increased, and to-day they are used in every state in the Union.

The immense success that has attended the sale, and the many wonderful cures which have followed the use of Wakefield's Medicines, have led many unscrupulous persons to imitate them in various ways. We therefore renew a periodical caution to beware of these counterfeiters, and particularly to beware of the druggist who would impose upon you a cheap remedy that is "just as good." Ask for "WAKEFIELD'S" and be sure you get "Wakefield's." Look for the venerable face of Dr. C. Wakefield (our trade mark) on yellow wrapper, to insure yourself against deception.

Very truly yours,

DR. C. WAKEFIELD & CO.

IT RECOMMENDS ITSELF!

WAKEFIELD'S *Cough Syrup*

A RELIABLE REMEDY FOR

Colds,	Coughs,
Croup,	Pneumonia,
Measles,	Hives,
Whooping Cough,	La Grippe,
AND ALL	
THROAT AND LUNG TROUBLES.	

THIS is the most prompt and effectual remedy now in use for the cure of all **Throat and Lung Affections**. When taken freely it equalizes the circulation, opens the pores, and renews a healthy action from the internal organs outward, thus removing all obstructions. It quiets the nervous system, relieves the tense and inflammatory condition of the muscular system so common in acute attacks, and also relieves the head, throat, and lungs from tightness and mucous. It affords great **Relief to Consumptives**, and has cured many cases after doctors had given them up.

La Grippe has shown by its sudden attacks, its terrible prostration, and its serious, often fatal results, that it is a disease to be feared. By the use of **Wakefield's Cough Syrup** this dreaded malady may be rendered mild or entirely avoided. Where the disease is already developed, the bowels should be kept open with **Wakefield's Liver Pills**, and liberal doses of our **Cough Syrup** taken, according to directions.

Whooping Cough and **Measles** are never severe if our **Cough Syrup** is given and proper precautions taken. Children like it, and sufferers from nervous affections find it very soothing.

A Cold or Cough, no matter how aggravated, is soon allayed by its use. Read testimonials.

Heads of families should study carefully the directions accompanying each bottle.

WAKEFIELD'S Golden Ointment

A SAFE AND SURE CURE FOR
Burns, Felons, Boils, Old Sores,
Cuts, Piles, Erysipelas, Sore Nipples, Caked
Breast, Chapped Hands, Etc.

CHIS preparation is the Balm of Gilead in all cases where an external application of a cleansing, soothing, softening, or healing nature is required. No family should be without a bottle on hand at all times. As it contains nothing of a poisonous nature it can be taken inwardly with excellent effect. It has been rightly named, for certainly it is

WORTH ITS WEIGHT IN GOLD.

It has no superior for **Sore Throat**. In **Catarrh** and **Cold in the Head** relief is given immediately if the Ointment is thoroughly snuffed up into the nostrils and head, thereby stopping pain and rendering free and easy breathing. It removes the mucous without pain, offensiveness, or uneasiness. In cleansing the head in this manner sufferers from Colds and Catarrhal Headaches will find quick and permanent cure.

BEST OINTMENT IN EXISTENCE.

Sandersville, Ga., Jan. 4, 1893.

Dr. C. Wakefield & Co.—This is to certify that I have used your **Golden Ointment** with splendid success in case of **Piles**, **Fistula**, and **Skin Diseases**, and believe it to be the **best ointment in existence** for these diseases. I have tried many others, but found them humbugs. Please publish this for the benefit of humanity.

WAKEFIELD'S LIVER PILLS

For Liver and Kidney Troubles,
Costiveness, Jaundice, Sick-Headache,
Indigestion, Biliaryness, Etc.

WE make a pill that has no superior. They are Purely Vegetable, acting with promptness on the **Liver, Kidneys, Stomach, and Bowels**, *without griping*, and produce less exhaustion than other cathartics. They are of even strength, sugar-coated, and families using them once will use no other kind.

OUR SMALL LIVER PILLS

are composed of the purest and best concentrated vegetable extracts. They are put up in the small size for the convenience of those unable to swallow a large pill. They act in a mild, easy, and natural way, and there is no griping or reaction afterward. In fact there is not a pill made that will so mildly and yet so effectually accomplish its purpose. Assist Nature occasionally in removing offending matter from the stomach and bowels, and you thereby avoid a multitude of distressing derangements and diseases, and will have less frequent need of the doctors' services.

Put up in glass vials. Sold everywhere, or sent by mail for 25 cents, in stamps.

THE FAVORITE PILL.

Toolsborough, Ia., Jan. 13, 1896.

Dr. C. Wakefield & Co.—I can say for your medicines that they give very general satisfaction. Your **Liver Pills**, especially, are the favorite in this locality.

WHOOPING COUGH CURED.

Dawson, Iowa, July 8, 1893.

Dr. C. Wakefield & Co.—During a severe epidemic of **Whooping Cough** through this section of the country this season, your **Cough Syrup** has proven a very valuable remedy. Those who have used it according to directions testify to almost immediate relief, and especially with small children, keeping them from violent paroxysms to which they are subject in this disease. It is the **BEST.**

INSTANT RELIEF IN CROUP.

Kill Creek, Kan., Jan. 8, 1894.

Dr. C. Wakefield & Co.—I have used your **Cough Syrup** in my family with the best results. I gave some of it to our 3-months' old baby, who was very nearly choked with the **Croup**, after we had tried everything generally given to children, and it caused almost instant relief. One 25-cent bottle cured his cough entirely. I recommend it every time, and use it in my family when we have need.

Yours truly, W. E. SMITH.

WOULD NOT BE WITHOUT IT.

Lake Creek, Ill., April 20, 1895.

Dr. C. Wakefield & Co.—Two years ago a friend recommended your **Cough Syrup** to me. My father had been in bed six months with **Bronchitis**, when I procured a bottle and gave him, with the best of results. Another bottle was taken, and he was cured. About ten days ago I was taken with the **Whooping Cough**. After trying several so-called whooping cough remedies without effect, father procured a 25-cent bottle of your **Cough Syrup**, and to-day I am working as usual. We will not be without it in the house in future, and would cheerfully recommend it to everybody.

CATARRH CURED.

Memphis, Mo., April 1, 1895.

Dr. C. Wakefield & Co.—To those suffering with that dreadful disease "sore nose," I can cheerfully recommend your **Golden Ointment**, which indeed has its right name. For several years I was much annoyed with the lining of my nose getting sore and swollen and could not obtain relief for months at a time, and then it would soon return. But for your **Golden Ointment** I would to-day be a sufferer from that awful disease, **Catarrh**. I have had no trouble now for over a year, and I advise any sufferer from Catarrh to try it. It is worth its weight in gold. MRS. ALEX. HAY.

THEY DO NOT WEAR OUT.

Relief, Ill., Jan. 7, 1895.

Dr. C. Wakefield & Co.—I have sold **Wakefield's Family Medicines** for over thirty years, with general satisfaction to the people, and they do not wear out, but rather increase in popularity and curative powers. They do not make one medicine to cure all diseases that man is afflicted with; but they are safely and carefully compounded for the ailments for which they are recommended.

AN EXPERIENCE OF 25 YEARS.

Bloomington, Ill., July 25, 1895.

Dr. C. Wakefield & Co.—I deem it a pleasure, as well as a duty, to testify to the efficiency of **Wakefield's Medicines**. My experience with them extends over a period of twenty-five years, and I always found that they did exactly as represented. All your medicines are very effective. Not only myself, but other members of my family have realized great benefit from them.

EVERY ONE AS REPRESENTED.

Norman Station, Ind., April 16, 1895.

Dr. C. Wakefield & Co.—Your medicines are every one just as represented. Your **Cough Syrup** is the best cough medicine I ever used for myself or in my family. I have lung trouble more or less, and when my lungs get sore a few doses quickly removes the soreness. Your **Golden Ointment** has cured some old sores here that were pronounced incurable. CURED WITH HALF A BOTTLE.

Greenville, Mich., July 2, 1896.

Dr. C. Wakefield & Co.—Several years ago, while selling goods through Nebraska, I was taken ill with **Bowel Complaint**, and constantly grew worse. I had the best doctors in the towns I visited, but got no relief. On hearing of your **Blackberry Balsam** I bought a bottle. The soothing feeling it gave me was wonderful. A half bottle cured me. Since then I have had occasion to use it in my family and for myself many times, and have never known it to fail. I have also recommended it to many who have used it with the same gratifying results. CHOLERA INFANTUM CURED.

Meriden, Minn., Jan. 3, 1896.

Dr. C. Wakefield & Co.—All around this locality **Wakefield's Medicines** give the best satisfaction of any I sell. I could give some remarkable accounts of the cures of your **Blackberry Balsam**, and for the benefit of mothers with small children will say study and follow the directions and it will save life where physicians fail. I know of a case of **Cholera Infantum**, that physicians pronounced hopeless, cured after it had to be injected, as the child was to all appearances dead. Also a case of persistent **Diarrhea** in the winter, the child failing fast. The change was almost magical. To my knowledge it has never failed. I have sold your **Golden Ointment** twenty-five years in this place, and many families will not be without it; used principally for throat troubles. E. E. GOODSELL.

SAVED WITH ONE BOTTLE.

Peoria, Ill., May 20, 1892.

Dr. C. Wakefield & Co.—I write this to tell you how highly I prize your **Blackberry Balsam** as a remedy for diseases of the stomach and bowels. While traveling last summer I was taken with a very troublesome **Diarrhea**, which followed me for some weeks, and finally compelled me to leave my business and return home. As soon as I reached home I placed myself under the care of a physician whom I have every reason to believe is one of the best practitioners in the state. He treated me for three weeks without helping me a particle, and I began to fear that I was doomed to suffer the rest of my life from **Chronic Diarrhea**. Finally I grew so weak that I was confined to the bed. While lying there a friend induced me to try your **Balsam**, since the doctor was not helping me. This I did, rather reluctantly I confess; but the very first dose I took of it "took hold," and before I had taken one bottle I was on my feet and able to resume business. I think I took a part of a second bottle, but, anyhow, in a few days I was fully restored to health, and I have had no recurrence of the malady since.

I believe the medicine saved my life, and I take pleasure in thus rendering honor to whom honor is due. So far as my observation goes, your **Blackberry Balsam** is far the best remedy for bowel troubles that I know anything about, and if these words of mine can help to convince anyone of its virtues I shall be truly glad.

A BOON ON HUMANITY.

Highland Park, Ill., April 13, 1892.

Dr. C. Wakefield & Co.—I deem it a great pleasure, in fact a duty, to testify to the efficacy of **Wakefield's Blackberry Balsam** in cases of **Diarrhea** and **Dysentery**. My experience with it extends over a period of several years while in the employ of the Chicago & Alton R. R. Co. I have known it to be used in numberless cases, both by myself and by my fellow employes. I have never known it to fail in a single instance of affording satisfactory relief. Many of the train service men include a bottle of it in their train boxes as one of the necessities of the business. I consider it a most valuable remedy, and that you are conferring a boon on humanity by its manufacture and sale. Knowing it as I do I shall never cease to extol its virtues.
